Carl: Re attached CO report: There are a number of indications in
RULL 201 that he is DGI. JMWG-1 so identified him in 1964. Rull
stated that Oswald's brother was in the DGI. (*Telephone tap)
that he stated he was with MARK. JMWG-1 also stated that
he was in the DGI. JMWG-1, a member of the DGI, then stated
that RULL was an (unidentified) brother who was in the DGI. He also
mentioned that RULL was an Oswald RULL Perez (see #3 of CO report) indicating
that he was a member of DGI in 1960. Would it be worthwhile to send
Madrid and ask they to keep an eye out for Oswald's arrival?
